

Can ₹5,000/Month
Really Grow into ₹99,127?

Ask Yourself These Questions

- Do market ups and downs stop you from investing?
- Unsure when is the right time to enter the market?
- Want to invest, but can't put in a lump sum?
- Wish you could build your own basket of favourite stocks?
- Looking for a smarter way to grow your money monthly?

Stock SIP is the Answer

A simple, disciplined way to invest in stocks directly – just like a Mutual Fund SIP, but with more control.

Key Benefits:

- Start Small: Begin with ₹5,000/month
- Buy Smart: Buy more when prices dip, fewer when they rise
- No Timing Stress: Consistency beats guessing
- Build Gradually: Create your own long-term stock portfolio
- You're in Control: Pick the stocks you believe in
