Mandatory holder policy

- The primary objective of this policy is to ensure that we are aware of who is the ultimate beneficiary of the transaction and that the transactions executed, through the mandate holder are bonafide.
- It is possible that some of the individual clients might appoint a mandate holder. Normally the trading account is opened in the name of various family members and one of the family member will hold the mandate. Also, in the case of some NRI clients who are based abroad, there may be a PoA/Mandate in favor of a person residing in India.
- Whenever any account is operated by a mandate holder, find out the relationship of the mandate holder with the client, followed by establishing the identity of the mandate holders by obtaining proof of identity and address.
- Do not accept any payment from the account of the mandate holder in favor of the client. All the payments have to be received from the client's bank account only for which the PoA holder may or may not have the mandate to operate the bank account. Similarly, pay-out cheques should be issued only in the name of the client and not in the name of the mandate holder.
- In case there is suspicion on the relationship between the mandate holder and the actual client or in case the behavior of the mandate holder is suspicious, do take necessary advice from the Business Head.
